

Electronic Spirit Dispensers

Easily the best!

Features

The ETN⁴ electronic spirit dispenser is designed to meet all the demands of the modern bar. Its easy operation and maintenance provides the ultimate management tool enhancing the look of your bar. The ETN⁴ has resettable digital counters ensuring quick, accurate assessments and greater profitability. With the turn of a key the ETN⁴ maximises security in bars. The ETN⁴ system is an investment in better bar management and profitability. The ETN⁴ is available in black with standard measure sizes of 15ml, 30ml or 35ml. Bottle lock out shuts off ETN⁴ when bottle is empty. Larger cork available.

Power supply unit

Designed to control up to 30 ETN⁴'s from one power supply. It incorporates lockable key switches for both power supply and counter reset for security. Turning of counter key returns all ETN⁴ counters to zero after assessments. Nicad battery back-up ensuring count is maintained at all times in the event of power failure.

Bowl Assembly

This unit is complete with expansion chamber, measuring bowl and dispensing valve. The bowl assembly is removed as one piece by releasing the clip at the top of the ETN⁴ allowing washing and routine maintenance - leaving the ETN⁴ body and electronics in place and untouched.

Dispensing indicator lights

Green:	Ready to dispense
Amber:	Dispensing
Red:	Refilling
Flashing Red:	Insufficient Liquor

With this fool-proof system cycle timing ensures accuracy of every shot dispensed.

Specifications

Unit Size:
170mm high x 125mm deep x 105mm wide
Power supply:
Input: 220-240VAC, 50-60Hz, 100VA
Output: 26.5-27VDC at 0.5A cont. & 2.5A int.
25% duty cycle & 4.5 VDC at 100mA
& 3.2VDC Battery back up.

Bottle loading and replacement

Simply insert the bottle holder with its non-drip valve into the neck of the bottle. Then place the upturned bottle onto the ETN⁴ - without losing any liquor! No other support is necessary for most bottle sizes.

Measuring bowl

The factory-set displacement valve ensures accurate measures. The clear, alcohol stain resistant polycarbonate measuring bowl allows full view of the liquor. A simple, three-seal system ensures easy maintenance of the unit with only one moving part.

Digital counter

The resettable digital counter records every shot dispensed enabling clear checking for accurate assessment. Total security is maintained by the removal of the key from the power unit after resetting to zero.

Simple touch server button

A low-impact, easy single-touch activates a full measure everytime reducing glassware breakages. Pouring couldn't be simpler.
